INNERELF CENTRE COURSES - QUESTIONS AND ANSWERS

What is the difference between feng shui and space clearing?

Transformative Feng Shui improves and balances the flow of energy in your home or workplace by analyzing what is needed in a particular location. It pays particular attention to the colors, tones, shapes, materials, arrangement of furniture and quality of lighting, based on the cycle of the five elements. An important part of a feng shui analysis is to sort out negative influences on health such as electromagnetic and microwave pollution, geopathic stress, energy leaks, etc. A better flow of energy will affect every aspect of your life, health, relationships and work.

Inspirational Space Clearing® creates a new harmonious and balanced environment by increasing the vitality, positive energy and light in a place and by releasing all the old emotions and memories contained within the walls. It identifies and removes any thought patterns, stagnant energy, repetitive patterns, and emotional layers that have built up over time. Inspirational Space Clearing® allows you to fully release the past and clears any stress related to past events. It brings in new light and inspiration, and encourages the success of projects that are dear to your heart.

What are the prerequisites for the courses?

There are no prerequisites for all the basic foundation course.

For the professional consultant courses in either feng shui or space clearing, it is recommended to have completed the basic course, although if you have previous knowledge of the subject, you may join without having done the introductory course with Lucy.

For reiki courses, you will need to do the courses in order: Reiki I (foundation course), Reiki II (advanced course) Reiki III (practitioner's course) and then Reiki IV (Reiki Master).

How much does a course cost?

You will find a list of courses, their dates and rates on my website: www.lucyharmer.com

When should I register?

Since places are limited to ensure each student gets optimum attention, it is best to register right away. It is recommended to register two months in advance for weekends or basic courses, although sometimes it is possible to get a place without so much notice. Concerning consultant courses, it's recommended to register three to six months in advance to make the most of any early-bird deals.

Does Lucy give courses abroad?

Yes, from 6 people anywhere in Switzerland and from 10 people abroad. If you want to organize a course in your area, please contact me. The person who sets up the course takes part for free.

How do I register for a course?

The course registration is done exclusively by e-mail (info@lucyharmer.com). In the email, please indicate the course name, place, dates, and your contact information (name, address, e-mail and telephone). You will then receive a pre-registration confirmation with details of how to pay a deposit which will guarantee your place. The remaining balance must be paid either directly in cash on the first day of the course, or before the course by bank transfer. Your place is confirmed only on payment of the deposit as the number of people is limited.
