## INSPIRATIONAL SPACE CLEARING® CONSULTATIONS – QUESTIONS AND ANSWERS

### **What is the difference between feng shui and space clearing?**

Transformative Feng Shui improves and balances the flow of energy in your home or workplace by analyzing what is needed in a particular location. It pays particular attention to the colors, tones, shapes, materials, arrangement of furniture and quality of lighting, based on the cycle of the five elements. An important part of a feng shui analysis is to sort out negative influences on health such as electromagnetic and microwave pollution, geopathic stress, energy leaks, etc. A better flow of energy will affect every aspect of your life, health, relationships and work.

Inspirational Space Clearing® creates a new harmonious and balanced environment by increasing the vitality, positive energy and light in a place and by releasing all the old emotions and memories contained within the walls. It identifies and removes any thought patterns, stagnant energy, repetitive patterns, and emotional layers that have built up over time. Inspirational Space Clearing® allows you to fully release the past and clears any stress related to past events. It brings in new light and inspiration, and encourages the success of projects that are dear to your heart.

### **Do I need a feng shui consultation or space clearing if I have problems related to sleep or health?**

Most problems related to health and sleep are caused by environmental stress and problems with earth energy such as ley lines, geopathic stress, underground water, electromagnetic and microwave pollution. A Feng Shui consultation is best for these types of problem.

Sometimes disruptive sleep patterns and certain health problems are caused by a ghost, a problem with your ancestors, a spell or some kind of stuck energy. A space clearing will solve these issues.

### **What does a space clearing consultation consist of?**

- Reading of the energy of the place
- Communication with the guardians of the place
- Rebalancing the ancestral energy
- Offerings of flowers
- Consecration ceremony (if necessary)
- Cleaning of residual energy
- Release of departed souls (ghosts) as needed
- Retrieval of the soul of the place and land
- Many purification techniques using the five elements (earth, water, fire, air, ether)
- Harmonization of the space
- Dismantling spells if necessary
- Anchoring protection symbols
- Anchoring your desires and intentions (what you want to manifest in your life)
- Oral report

### **Where does Lucy travel to?**

Lucy travels regularly throughout Switzerland and in neighboring France. Be aware that travel costs may be charged according to the distance from Geneva (50 CHF per hour of travel). Consultations abroad may be possible by arrangement. Lucy regularly travels to the USA and the UK for consultations. In these cases travel costs are shared amongst all the clients in the same area.

## INSPIRATIONAL SPACE CLEARING® CONSULTATIONS – QUESTIONS AND ANSWERS

### How much does a space clearing cost and how long does it take?

When making the appointment, the cost is determined depending on the size of the area to space clear and the number of rooms. This determines the number of offerings, how many assistants are needed, etc.

The minimum rates are:

Studio	690 CHF/USD
2 rooms + kitchen	990 CHF/USD
3 rooms + kitchen	1290 CHF/USD
4 rooms + kitchen	1590 CHF/USD
5 rooms + kitchen	1890 CHF/USD
House	from 2390 CHF/USD depending on size
Consecration ceremony	600 CHF/USD

Prices include offerings, space clearing equipment, all fees (for Lucy and assistants) and all services. The consultation lasts between 3 and 10 hours depending on the size of the place.

### What do I need to do to prepare for a space clearing?

1. Your most important task is to prepare a list of all your wishes and intentions that you want to anchor with the new energy in the place. These can be in the areas of health, new projects, relationships, more joy, more money, success in work, etc ....). You can wish for anything you like, as long as the intentions are positive (so no wishing for bad luck for your annoying neighbor, boss or partner; misfortune for anyone, and so forth). BE POSITIVE and AVOID negatives! (for example, choose "I want to be healthy" rather than "I do not want to be sick").
2. All food must be put away, either in cupboards or in airtight containers (fruits, teas, herbal teas, sugar, spices, etc.).
3. If a consecration ceremony is needed, have prepared a small object that will be offered to the guardian of the place. This will be buried - you also need to dig a 30 cm hole in diameter and depth. The hole should be on your land and in a place where the land will not be disturbed in the near future.

### How do I pay for consultations?

The price for a consultation is agreed in advance and is paid in cash on the day or in advance by bank transfer. You are responsible for any transfer fees and payment must be made only in CHF. An invoice will be issued after the consultation.

### Can I stay during the process?

You are welcome to stay but it is not essential. If you are pregnant or breastfeeding, you will have to go out during certain stages of the consultation.
